

# WINTER STORM 2022

## [JERDONE ISLANDER](#)

### Winter Event

The snow storm on January 3, 2022 was a significant event on Jerdone Island. Power outage from Monday, January 3 to Friday/Saturday. While most homeowners were spared major home damage, there is a significant amount of downed trees. Almost every road was impassable.

We have seldom seen this amount of debris blocking so much of our roadway. Additionally, the community well was out the entire time. And during all the chaos, neighbors began helping each other by sharing water, clearing roads, grocery runs, warm meals and on and on.

As the snow melts and we brace for this weekends predicted 6 inches of snow and ice, we encourage each property owner to visit their property and remove the downed trees. While your neighbors definitely stepped up to clear a travel path, there is much for you to do.
