**From the Board**

**Your new 2023/2024 Board of Directors would like to thank everyone for the opportunity to serve the Jerdone Island community! Please welcome our newest board members; Karen Krei, Bill Windus, and Allan Perry. Returning board members are myself and Ashley Madison.**

**As discussed at the annual meeting, we have secured funding to replace the older docks and that is tentatively scheduled for March 2024. As the time approaches and we have more definitive information, we will work with owners to find temporary slips in the other section for those who have boats in the water during the dock replacement. The estimated time of replacement is approximately four weeks.**

**Jerdone Island has a wonderfully unique and strong community bond that we would like to continue to foster this year with every member. We welcome all of those who have recently purchased and/or moved into in our neighborhood! This year is an exciting one that will bring a lot of positive improvements and the transformation of the common area that was the plan and vision of the former JIAI Board!**

## Around the Neighborhood

- The leaves are coming down now, please check your culvert pipe and drains to ensure they are clear. Excessive water run off and culvert drain backups can and have been real negative impacts for our common area, neighbors and roads throughout Jerdone Island.
- As we head toward winter, please look around your lot and make plans to remove dead/dying trees or large limbs that could come down. We ask that you continually keep your lot clean and maintained as outlined in the CC&R:  
“SECTION 13:  
*Every Lot, whether occupied or unoccupied, and any improvements placed thereon, shall always be maintained in such a manner as to prevent it becoming unsightly in the opinion of the Committee by reason of unattractive growth on such Lot or the accumulation of rubbish or debris thereon. Roadsides adjacent to each Lot shall be maintained by Lot Owners to be free of protruding tree limbs and overgrowth, other than well-trimmed grass, to ensure safe access/passage of normal traffic on the public ways and the safe mowing of the Common Area mowing activities.*”

On October 16 the Louisa Board of Supervisors voted unanimously to raise the county’s transient occupancy tax which is tacked onto customers’ short-term rental bills. The increase went from 2% to 7% effective January 1, 2024. Lodging contracts made prior to October 16, 2023 are exempt.
